

(Out of tune "Lockdown Song")

THAT'S THE WAY LOVE MAKES THE WORLD TURN ON

Whenever I see you
I feel in love with you

When you walk around this town
See your face and the world go around
Oh I'm in love with you

I'm in love with you
Your eyes turn on when you talk to me
And it makes me feel kind of special

That's the way love makes the World turn on

It is love that I see
It's love that I feel

I'm in love with you
